

# Hospital Pharmacy Catalogue

# Welcome to StirlingFildes Healthcare

StirlingFildes Healthcare can meet generic and customised printing and consumable needs for hospital pharmacies and associated patient care. Our comprehensive product range includes dispensing labels, cautionary & advisory labels, custom and generic labelling needs, plastic and paper bags, tablet cartons, bottles, jars and vials.

## Our Mission

Our mission is to offer a complete labelling, printing, packaging and consumables solution for the Australian Healthcare industry by providing a comprehensive range of high quality products, competitive pricing and outstanding customer service and support.

## Our Vision

Our vision is to operate as a respected and flexible supplier tailored to the purchasing habits of our customers in the healthcare industry.

## Customer Commitment

We are committed to offering our customers the highest possible standards of service. StirlingFildes' long-term success, reputation and growth is dependant on our ability to meet and exceed customer expectations.

# Dispensing Labels

## QUALITY IS CRITICAL

StirlingFildes only use high quality top coated direct thermal paper stock for our dispensing labels.

This means your pharmacy complies with Pharmacy Regulations to ensure fading of the patient directions is avoided for up to 12 months as well as any medication that requires refrigeration is not affected.

- Competitively Priced
- No Set Up Charges
- Delivered Freight Free
- Exceptional Print Quality
- Highest Quality Base Stock Available
- Labels for all Systems
- Blank iPharmacy Labels Available

## The Mini Deblisterer

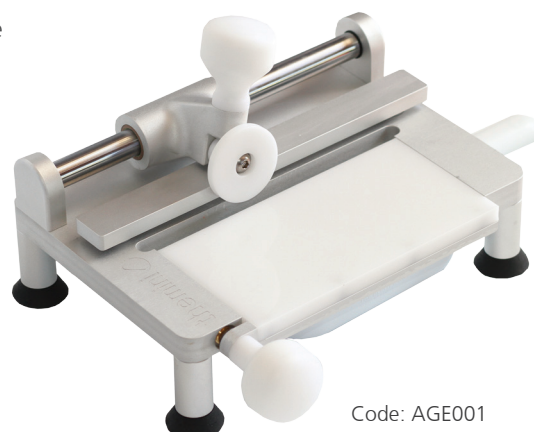

**NEW**

This little machine has been carefully engineered to be a true universal machine; it will pop almost any medication quickly and efficiently. Its versatility makes it ideal for use in a manual packing environment or large robot unit dose packing operations. With its high grade but simplistic design the mini has been crafted to be a long lasting product suitable for daily use in a pharmacy environment.

Supplied with a convenient dustcover and handy pill scoop.

- For use on most medications
- All blister packaging formats
- Instant set-up
- No foil fragments
- No crushed pills
- Small machine footprint
- Avoid staff OH&S issues
- Up to 20 blisters a minute
- Comes with product guarantee

**Size:** 210mm x 290mm x 200mm

Code: AGE001
